

IMMEDIATE HUMANITARIAN CEASEFIRE NEEDED IN GAZA

The Principality of Kaharagia expresses its profound concern regarding the ongoing violence in Gaza and urgently calls for an immediate humanitarian ceasefire. Aligned with global appeals, Kaharagia emphasizes the necessity of ceasing hostilities and respecting international humanitarian laws to prevent further loss of innocent lives and escalating suffering.

The tragic bombings of both the Al-Ahli Hospital and Church of Saint Porphyrius are stark reminders of the devastating impact of the conflict, and such acts of aggression that jeopardize civilian lives and violate humanitarian principles are strongly condemned by Kaharagia.

Kaharagia urges all parties involved to prioritize peace, facilitate the immediate release of hostages by Hamas, and allow unhindered access to essential humanitarian aid by Israel. These crucial steps are fundamental in moving towards a peaceful resolution and alleviating the immense distress faced by the affected communities.

The Principality of Kaharagia continues to extend its deepest sympathies to all affected by this devastating conflict. We stand united with the global community in seeking a durable peace and reconciliation in Palestine and Israel.
